

EDUCATION

CSEC is a shooting complex with an emphasis on education. Our staff is knowledgeable in all areas of firearms, archery, hunting, fishing and just about anything else outdoors. Our goal is to provide a safe environment to share this knowledge with our users.

Our user groups host many educational classes including Introduction to Archery, Concealed Carry, Firearms Safety, Introduction to Competitive Shooting and more!

EVENTS

CSEC hosts a wide variety of events, from shooting competitions, to classes, to national conferences. A Girl and a Gun, and the Rocky Mountain IDPA Regional to name a few. Most events are open to public spectators. You can find a calendar of events and more information on CameoSEC.org

PUBLIC ACCESS

Currently there are seven public firearm bays, ranging in distances from 10-200 yards. They are open to the public seven days a week, and allow shooters to practice a wide range of disciplines and techniques. For the archer in your family, we have a public archery bay ranging out from 10-65 yards, equipped with block targets as well as 3D targets at each line. For those seeking more of a challenge, there are two, one-mile long 3D archery loops on a terrain-based area of undeveloped land to choose from.
